

MEDICATION

POLICY

Rationale:

- Teachers and schools are often asked by parents to administer medication for their children while at school. It is important that that such requests are managed in a manner that is appropriate, ensures the safety of students, and fulfils the duty of care of staff.

Aims:

- To ensure the medications are administered appropriately to students in our care.

Implementation:

- Children who are unwell should not attend school.
- The Office staff will be the staff members responsible for administering prescribed medications to children.
- Non-prescribed oral medications (eg: head-ache tablets) will not be administered by school staff and should not be brought to school by students.
- All parent requests to administer prescribed medications to a student must be in writing on the form provided and must be supported by specific written instruction from the medical practitioner or pharmacist's including the name of the student, dosage and time to be administered (original medications bottle or container will provide this information).
- All verbal requests for children to be administered prescribed medications whilst at school must be directed to the Office staff who will discuss the request with parents to confirm details of the request and to outline school staff responsibilities.
- All student medications should be in the original containers, must be labelled, must have the quantity of tablets confirmed and documented, and must be stored in either the locked office first aid cabinet or office refrigerator, whichever is most appropriate.
- Consistent with our Asthma policy, students who provide the College with an Asthma Management Plan may carry an asthma inhaler with them.
- Classroom teachers will be informed of prescribed medications for students in their charge, and classroom teachers will release students at prescribed times so that they may visit the school office and receive their medications.
- All completed Medication Request Forms and details relating to students, their prescribed medication, dosage quantities and times of administering will be kept and recorded in a confidential register located in the school office.
- Students involved in school camps or excursions will be discreetly administered prescribed medications by the 'Teacher in Charge' in a manner consistent with the above procedures, with all details recorded on loose-leaf pages from the official medications register. Completed pages will be returned to the official medications register on return of the excursion to school.
- Parents/carers of students that may require injections are required to meet with the Principal to discuss the matter.

Evaluation:

- This policy will be reviewed as part of the school's three-year review cycle.

This policy was last ratified by School Council in....

November 2014

MEDICATION REQUEST FORM

DATE:

PARENT'S NAME:

ADDRESS:

TELEPHONE:

(Business Hours)

Dear Principal,
