20th Activity Day

21st Presentation Assembly

From the Principal

Good Luck On Your Overseas Travel Girls!

As mentioned by Miss Byrne last week, we will very shortly farewell Jessica D and Chelsea H as they depart for Germany on a 10 and 12 week exchange respectively. Chelsea will be living in a small village (of 2000!) called Kettershausen, which is approximately 2hrs east of Munich. Jessica will be living in Pentling, which is a small village of 700 approximately 7km from Regensburg. The girls will accompany each other on a Berlin study tour for 6 days, as well as enjoying some family time with their German hosts. Jessica has already been informed that she will holiday for a few days in Switzerland and Chelsea is hopeful of joining her host family on their annual trip to Italy. Both Jessica and Chelsea will be interviewed by the Loddon Times this afternoon, so look out for this article in an upcoming edition of the paper

Year 5/6 In Our Nation's Capital!

Mr Kidman sent me this terrific picture of our Year 5/6 students in Canberra yesterday and by all accounts our students and staff are having a fantastic time in our nation's Capital. I have attended this camp on many occasions in the past and have been quite envious of the photos and stories shared on the Middle Years Bloomz App. Our students will rise nice and early in the morning in readiness for the long road trip back to East Loddon.

Presentation Assembly 21st December 10am start

East Loddon P-12 College Staffing In 2018

Some College staff and College Council members have been busily reading applications for 2018 College staffing positions over the past fortnight and have this week been interviewing prospective staff for next year. This is an exciting time of the year for schools as plans begin to be finalised for the following year, and within the next 2-3 weeks, I will be able to announce finalised staffing for the 2018 school year.

Once positions are offered to successful candidates, there is a two week appeals period before an official announcement of successful candidates can be made. Teachers of specific year levels and classes/subjects will be released shortly after staffing announcements.

New Kiln For Our College

The East Loddon P-12 College Arts Learning Area is on top of the world this week after receiving the 'go-ahead' to purchase a new state-of-the-art kiln for the Art Room. Our students will no doubt be very excited also when the new kiln arrives early next year.

Top Effort Georgia!

Congratulations are extended to our World Record Holder Georgia Welsh, who was recently awarded the Bendigo Sportsmen's Association fourth quarterly Junior Sports Star for 2017. This is a tremendous award and great recognition for Georgia's efforts with Kettlebell lifting. Georgia's mother Leanne mentioned that Georgia also gave a kettlebell lifting demonstration to the audience and thoroughly impressed with her confidence, poise and focus when answering questions. Georgia will be presented with her formal recognition of this award at a special dinner held in late November.

Great Effort Henry and Rick!

Our College groundsman went back to school themselves this week in order to update requirements specific to their work at the College and both Henry and Rick passed their courses with flying colours! Both gents do a terrific job (along with Nathan H) of keeping our College grounds looking lovely, as was very evident with the recent Athletics Sports and Ministerial visit. Thanks gents and well done on obtaining your certification!!!

End of Year Timeline

College Council along with College staff have finalised the last week of the 2018 school year, which will take place from Monday 18th December to Friday 22nd December. The following dates and events are slightly different to those of previous years. Please take the time to note these on your calendar.

Monday 18th December – Activity Day at the College

Tuesday 19th December – Community Pool day at Mitiamo Swimming Pool

Wednesday 20th December – Activity Day at the College

Thursday 21st December – End of Year Presentation Assembly

Friday 22nd December – Curriculum Day. Student Free.

Further details on these days will be forwarded closer to the end of the College year.

Private Speech Sessions

Availability will shortly open up for another 2 students of kinder or school age to undertake private speech sessions with Laura-Jane of Talk It Up Speech Pathology. These sessions take place at the College on a fortnightly basis, assisting families in accessing this much sought after service, and preventing the need to take a full day off school to attend an appointment in Bendigo or Echuca. Laura-Jane has established a tremendous rapport with all students who currently attend sessions, and the positive results gains that have been noted with current students have been most positive.

If this service is something that you would like to know more about, please do not hesitate to make contact with our College office, or alternatively you may wish to talk directly with Laura-Jane on 0438 006 445.

Feel free to also take a look at Talk It Up's website - <http://www.talkitupbendigo.com/>

Hope you have a great week!

Steven Leed
College Principal

Assistant Principal's News

'Bon Voyage' to a couple of our senior students. Chelsea H and Jess D are both on a plane next Thursday, or maybe Friday, to Germany. They will stay on exchange for 12 weeks and 10 weeks respectively. They will stay with Simona and Veronika who stayed with their families as exchange students earlier in the year. A true exchange indeed! We are so happy that these two brave young ladies are spreading their wings to experience life on the other side of the earth. Chelsea and Jess will both study German next year as a Year 11 subject, via the Victorian School of Languages and with assistance from Frau Mc and Frauline Burgstett at the College. It's great to see students studying language at a senior level. Ella H also plans to study German in her final year of school next year. This is a real feather in the cap for our German department and should further demonstrate to our students at other levels that German is a real and exciting option for further study. How many subjects do you have where there's an excursion to Europe?

In other travel news for our senior kids, Katie Baker will soon follow the Baker family tradition of travelling to the USA for a student exchange with the Lions Club and Emily A will travel to Canada on a similar program. All students mentioned above should be back and ready to fire at the start of the 2018 school year. We are so proud that our students are brave enough to do things like this. Due to our rural location we are not exposed to as many cultural differences as some from larger centers, so its admirable to see kids jumping right in to the unknown and embracing it. This is a tradition that our senior students have carried for some years now and has become a 'rite of passage' for some. Can I just say to the four students 'I AM SOOOOOOOOOO JEALOUS'.

Scott Wilkinson
Assistant Principal

Planks Incursion 30th November

On the 30th November, we will be visited by the Green Hat team, who will be running a 'Planks' workshop with Prep-Year 8 students. This workshop will involve open ended tasks building a variety of constructions using only identical 'planks' and will run with 3 separate groups in the gym. Year 6, 7 & 8 classes will attend the workshop in P1&2, Grade 3, 4 and 5 classes will attend P3&4 and Prep – Grade 2 students with interested kinder kids will attend P5&6. Students are asked to bring in \$2 each to contribute towards the cost of this incursion. Please contact Mrs Johns for more information.

Huge thanks to Hannah Tweed, for organising the cooking fundraiser to help with costs of travel for Georgia Welsh to attend the IKMF Kettlebell World Championships in Italy on next weekend, 25-26 November. We are so grateful to Hannah and everyone who donated money, goods and bought cooking to support us and Georgia. It is super exciting to think it is actually happening. Thank you, thank you, thank you everyone, for being part of our journey – your help has been wonderful.

Also sharing extra very exciting news for Georgia - she won the Bendigo Sportsmen's Association fourth quarterly Junior Sports Star for 2017 last night, a great honor and we are so proud. She did an incredible job accepting the award by herself and then doing a demonstration of how to lift the kettlebell. I really was blown away at how far she has come with her confidence levels and her poise and focus, answering everyone's questions. She wasn't "phased" at all! Absolutely amazing!

Thanks heaps Tania, for hosting the Parent's Association AGM earlier this week. Your place is beautiful.

Thanks so much for your continued support.

P-4 Update

Building Strong Foundations

Student of The Week

Prep—Jessica showing improvement in her reading.

Year 1—Noah for recent gains with ‘sounding out’ words in writing.

Year 2—Alex for his excellent spelling and story writing.

Year 3—Emily for working hard all week.

Year 4—Marley for excellent work on her writing.

You Can Do It! CONFIDENCE

Prep—Deisel

Year 1—Angus

Year 2—Reid

Year 3—Darcy

Year 4—Lucas

Reading Clubs

Well done, everyone!

275 Nights of Reading	Y4- Joseph and Molly Y2-Chloe and Ella Prep-Oliver
250 Nights of Reading	Y3-Drew Y2-Logan and Billy

Prep Sounds in Focus

This week we are learning the ‘ou’ (house) and ‘ow’ (cow), and the ‘oy’ (boy) and ‘oi’ (coin).

Prep Words To Fluency

‘How now brown cow’. Please note all the ‘ow’ words.

Respect - Resilience - Responsibility - Relationships

Geoffrey Graham Poetry and Song

On Friday, students enjoyed poetry and song presented by local poet, Geoffrey Graham. Geoffrey is a very talented performer and the students enjoyed his presentation. Poetry is one of our highest forms of language. Please take the time to share some of your favourite poems with your child.

Echuca Excursion

The excursion provided our students with an opportunity to extend their vocabulary and classes are using the experience to reinforce learning in a number of areas from writing through to Science and Humanities. It was interesting for our students to learn where the border between New South Wales actually is (high water mark on the Victorian side of the river- See picture of the two flags on the wharf).

Literacy Hints

Looking for a way to enthuse your child about reading, Use the search engine and look up Interactive Stories for Kids. You will find a range of interesting texts that are presented differently and are certainly fun.

Peter Vernon

P-4 Teaching and Learning Team Co-ordinator

Our Middle Years Newsletter has changed! All teachers have begun to communicate with parents regularly via a program called Bloomz rather than updates in the school newsletter.

If you are a Middle Year's parent and have not joined Bloomz, please contact your child's room teacher.

parent and have not joined Bloomz, home-

Middle Years Captains Report

This week the Year 5/6's have been in Canberra on camp, with many photos on Bloomz. The calves are all going well, and we are starting to prepare the Year 7's for the sub-school elections. The Year 4's and 7's have been reading together in preparation for the 4's going into the Middle Sub-School next year. Thank you to parents who have filled in the Bloomz survey. We hope you all have a great weekend.
Oscar and Zoe

Year 4/8 Graduation Ceremony

The Graduation Ceremony celebrating Year 4 and 8 student's transition to a new sub-school will take place on Thursday from 2:30—3:20pm. Year 4 and 8 parents will have received invitations this week.

International Kettlebells

Good luck to Georgia W who is competing in the IKMF World Championships in Milan, Italy, over the next few weeks. Georgia, the reigning World Champion, will be competing in both the 16kg Long Cycle and 8kg Jerk events. We're extremely proud of you, Georgia!

Thanks for your time,
Sarah Byrne
Senior Sub-School Leader

Heat stress and heat-related illness

Extreme heat can affect anybody. Those most at risk are older people, young children and people with a medical condition.

Heat stress occurs when our body is unable to cool itself enough to maintain a healthy temperature. Normally, the body cools itself by sweating, but sometimes sweating isn't enough and the body temperature keeps rising.

Heat-related illness can range from mild conditions such as a rash or cramps to very serious conditions such as heatstroke, which can kill.

Overexertion in hot weather, sun or bushfire exposure, and exercising or working in hot, poorly ventilated or confined areas can increase your risk of heat stress. Heat can also make an existing medical condition worse, for example heart disease.

Overexertion in hot weather, sun or bushfire exposure, and exercising or working in hot, poorly ventilated or confined areas can increase your risk of heat stress. Heat can also make existing medical condition worse, for example heart disease.

It is important to know the signs and symptoms of heat exposure and how you should respond. Symptoms vary according to the type of heat-related illness. Babies and young children may show signs of restlessness or irritability and have fewer wet nappies. Older people may become lightheaded, confused, weak or faint.

Some heat-related illness and common symptoms include:

- **Deterioration in existing medical conditions** – this is the most common health problem of heat stress.
- **Heat rash** – sometimes called 'prickly heat', this is a skin irritation caused by excessive sweating. It can occur at any age, but is most common in young children. It looks like a red cluster of pimples or small blisters. It is most likely to occur on the neck and upper chest, in the groin, under the breasts and in the elbow creases.
- **Heat cramps** – these include muscle pains or spasms, usually in the abdomen, arms or legs. They may occur after strenuous activity in a hot environment, when the body gets depleted of salt and water. They may also be a symptom of heat exhaustion.
- **Dizziness and fainting** – heat-related dizziness and fainting results from reduced blood flow to the brain. Heat causes an increase in blood flow to the skin and pooling of blood in the legs, which can lead to a sudden drop in blood pressure. There can be a feeling of light-headedness before fainting occurs.
- **Heat exhaustion** – this is a serious condition that can develop into heatstroke. It occurs when excessive sweating in a hot environment reduces the blood volume. Warning signs may include paleness and sweating, rapid heart rate, muscle cramps (usually in the abdomen, arms or legs), headache, nausea and vomiting, dizziness or fainting.

Heatstroke – this is a medical emergency and requires urgent attention. Heatstroke occurs when the core body temperature rises above 40.5 °C and the body's internal systems start to shut down. Many organs in the body suffer damage and the body temperature must be reduced quickly. Most people will have profound central nervous system changes such as delirium, coma and seizures. The person may stagger, appear confused, have a fit or collapse and become unconscious. As well as effects on the nervous system, there can be liver, kidney, muscle and heart damage.

The symptoms of heatstroke may be the same as for heat exhaustion, but the skin may be dry with no sweating and the person's mental condition worsens.

Treatment for heat-related illness

Treatment options vary according to the type of heat-related illness. Apply first aid and seek medical assistance immediately if you, or someone you are with, shows any sign of heat exhaustion or heatstroke.

Heat rash – treatment

Treatment for heat rash includes:

- Move the person to a cooler, less humid environment.
- Keep the affected area dry.

Respect - Resilience - Responsibility - Relationships

Try using unperfumed talcum powder to increase comfort.

Avoid using ointments or creams, as they keep the skin warm and moist, and may make the condition worse.

Heat cramps – treatment

Treatment for heat cramps includes:

Stop activity and sit quietly in a cool place.

Increase fluid intake.

Rest a few hours before returning to activity.

Seek medical help if there is no improvement.

Dizziness and fainting – treatment

Treatment for dizziness or fainting includes:

Get the person to a cool area and lay them down.

If fully conscious, increase fluid intake.

Heat exhaustion – treatment

Treatment for heat exhaustion includes:

Get the person to a cool area and lay them down.

Remove outer clothing.

Wet skin with cool water or wet cloths.

Increase fluid intake if they are fully conscious.

Heatstroke – treatment

Heatstroke is a medical emergency and requires urgent attention:

Call triple zero (000) for an ambulance.

Get the person to a cool, shady area and lay them down while you're waiting for emergency medical help.

Remove clothing and wet their skin with water, fanning continuously.

Do not give the person fluids to drink.

Position an unconscious person on their side and clear their airway.

If medical attention is delayed, seek further instructions from ambulance or hospital emergency staff.

Where to get help

- In an emergency, call triple zero (000)
- Your doctor – if you, or someone you know, may be suffering from a heat-related illness
- NURSE-ON-CALL Tel. 1300 60 60 24 – for expert health information and advice (24 hours, 7 days)

[Department of Health & Human Services – survive the heat information in community languages.](#)

- Maternal and Child Health Line, Victoria Tel. 132 229 (24 hours)

[St John Ambulance Australia](#) – for information and resources on first aid

More information is available on the Better Health Channel, <https://www.betterhealth.vic.gov.au/health/healthyliving/heat-stress-and-heat-related-illness>

KFC – Kids Friday Club Term 4 2017

KFC got off to a great start last Friday and continues tomorrow - November 17th and then 24th and Dec 1st.

We then have our Community carols evening which doubles as a KFC breakup on Sunday Dec 3rd at the Dingee Hall commencing with a free BBQ tea at 6.30pm.

Last week saw our first 'sign out' from KFC. Thanks for your patience as we begin this process which is now a requirement for KFC to comply with child safety regulations. This week we are hoping to make it a little easier with name lists in alphabetical order. Once again, we welcome feedback to help create a smooth process.

REMINDERS TO BRING...

CRAFT - if possible could the children bring an empty 400gm (or smaller) can and an old magazine to cut up for craft tomorrow (We will have some spares available so no one misses out).

Loose change for our Loose Change Challenge

A snack to share (no nuts)

All children in Prep-Yr 6 welcome. Consent forms at the office.

Contacts for enquiries: Robyn Falls 0429368242, Wendy Twigg 54368264 or Judy Mountjoy 04288379222 or Leanne Welsh 0447689309
