From the Principal

School Council Elections
Following the call for nominations for parent membership of the 2014 School Council, we have received three nominations. This matches the three vacancies meaning there will not need to be an election. We will have three new councillors this year and we congratulate Ash Davis, Nicole Hocking and Jeannie Wagner on becoming members of Council. We also thank the departing councillors, Rod Baker, Richard Hicks and Adrian Hocking for their years of service and contribution to the College. In the DEECD employee category, Sarah Byrne and Scott Wilkinson will return for further terms while Sarah Windridge will join for the first time. Our thanks go to all these people who have committed their time and energy to support the College’s efforts to deliver the best possible outcomes for all students.

Online Communication
From this week, students in Year 9 will be bringing home information to their parents about Edmodo which is a secure online environment designed for educators to be able to communicate anywhere, any time with students and parents. It is accessible through the internet and allows teachers to post assignments, instructions, marks, videos etc. for students to access wherever they can get online. The parent access is only to their child’s marks and information. Mr Judd, our ICT Leader, is setting this up with the Year 9 Maths class and will be exploring the potential for improvements in learning and communication with families. In the coming months, feedback from parents and students will inform us as to the best ways to maximise the use of Edmodo. Some other teachers of senior school classes have already been using the program with their classes so you may be able to get more information from your children.

Attendance at School
As mentioned in last week’s newsletter, there is a change in proceedings regarding student attendance at school. The changes include a trigger point of five unexplained absences in a school year at which time further investigations into the reasons for the absences needs to occur. Unexplained absences also now includes inadequately explained
In order for this process to be managed prudently, please ensure that you always provide a written explanation of any absence your child has from school. If you would like to read more yourself, please visit http://www.education.vic.gov.au/school/parents/behaviour/Pages/studentattendance.aspx

**School Photos**
As we announced in last week’s newsletter, school photos will be taken on Wednesday March 19. Envelopes for ordering were distributed last week. As with last year’s arrangements, families with four students who order a package for each student will receive the fourth student free as well as a free family photo. In addition to this, Richard has agreed to provide families with two packs of family photos for $34 which is a saving of $10 for those who wish to acquire more copies of their family photos. Please write on your family photo envelope if you wish to take advantage of this deal.

**Student Insurance**
In last week’s newsletter, there was mention of medical costs that may be incurred by parents in the event of injuries sustained at school. While it is unusual for students to suffer major injuries during normal school activities, some families may like to take extra precautions to guard against financial difficulties that can arise if there is an accident. While there are many possible ways to insure for this situation, you can gather further information from www.studentcover.com.au This is just one example of such a service. The school has no affiliation with any provider and does not recommend any specific company.

**Swimming Carnival**
Our thanks go to all students, families and staff who were involved in last week’s swimming carnival at Mitiamo. While winning individuals and teams were announced at the end of the day, it was the enthusiasm of the competitors, particularly in the early events before the sun was out, that was the highlight of the day. In addition to this, the House spirit among students was great to see, as was the community spirit among spectators. Many thanks to Mr Clyne for his organisation of the program and to Mr Smith and the other staff for the assistance provided on the day and in preparation.

**2015 Rotary Youth Exchange**
Are you a Year 9, 10 or 11 Student? You may qualify as a Rotary Youth Exchange Student and have the opportunity to live and study in Germany, France, Sweden, Finland, Denmark, Japan, Taiwan, Brazil, Hungary, Norway, Poland, USA, Austria, Spain or Turkey.
The Rotary Youth Exchange Program is a unique opportunity for students to experience the culture of a new country, to learn a new language and develop new friendships. Applications are now being accepted and close on Friday 25th April 2014. Students must be under the age of 18 years, as at 1st January in the year of departure. Further information is available through our mentor program co-ordinator, Tony Plant who can be contacted through the College or by visiting www.rotaryyouthexchangeaustralia.com.au

Brad Madden
Principal

**Assistant Principal’s News**
I happened to be at volleyball last Thursday night to see my daughter play her first game and I was mightily impressed by the standard of the East Loddon girls who were playing in the first game. It goes to show what a bit of hard work and practice can do. It was also great to see Mrs Johns, Juddy, Mr Schultz and parents there supporting our girls. Just remember though, go easy when you play my daughters team, or I will replace all sports lessons with NAPLAN practice.

I have had a lot of interest in the proposed trip to Turkey, so far 15 students have said ‘that sounds better than school’. I am currently sourcing quotes from tour companies for Istanbul-Cappadocia-Kusadasi-Canakkale-Istanbul. The trip would include approx. three weeks away, two weeks with host families of our sister school (Toki). As soon as I have a starting quote, I will inform all parents who have returned an expression of interest form and organise a time to meet. This will clearly be the school trip of a lifetime and would coincide with the centenary of the ANZAC landing. Any other students who are interested should return the signed form to the office. One is attached to this newsletter. Based on other similar trips, we anticipate this costing approximately $5000. At this stage we have had expressions of interest from students currently in years 7-11. The expression of interest form is not a commitment to attend at this stage, it is merely saying, ’give me some more info so as I can decide’.
Trivia night table bookings have started rolling in. Last year this event was taken out by Paula Maxted and a group of her ‘brainiac’ friends. For those of you that know her ‘I know! I couldn’t believe it either’. For those who don’t know Paula, she is a PE teacher, who lives between Calivil and Jarklin. So there you go, proof that anyone can win. Get your tables of ten together and names to the office 54368300. Cost is ten dollars per head. If you don’t have nine mates, send us the names that you have and we will join you with another group. For those who didn’t attend last year, this is a relaxed, kid free social evening. BYO drinks and nibbles and support the school at the same time. Hope to see you all there on the 21st of March.

Sorry, forgot last week to mention congratulations to Alyce Falls, who has been selected to represent Australia in Italy this year in ‘ultimate frisbee’. Not sure of how the rules work, but I am sure Alyce will fill us in before leaving. Onya Fallsie, flying the East Loddon flag in overseas sporting events is becoming a familiar thing!

Scott Wilkinson

Senior School News

Alyce Falls is playing for AUSTRALIA!!!

Congratulations are certainly in order for Alyce Falls. She has recently been invited to participate in the World Junior Ultimate Frisbee Championship in Lecco, Italy in July this year. Alyce at 15 years old, has been selected to play for the Australian Under 19 Ultimate team ‘Southern Terra’. Alyce is the youngest member of the team. An amazing achievement for a young lady from Dingee who only started playing Ultimate Frisbee last year through constant encouragement from her brother (Roman), who is naturally very proud and possibly a touch jealous of her future international travels. Roman initially got involved in Ultimate Frisbee through a competition at RMIT University where he is currently studying. Alyce’s brother provided useful technique tips and tactical information. He must have been a good coach as Alyce quickly picked up the skills required to play the game, and play the game extremely well. Roman initially got involved in Ultimate Frisbee through a friend at the Student Residence where he was living. He has gone on to play with RMIT and a couple of other teams. Through his current coach, Roman was able to inquire about Alyce trying out for the Victorian team. Shortly after this Alyce was selected in the Victorian team and then invited to attend trials for the Australian team.

Alyce was selected / invited to attend two training / try out weekends in Melbourne over the Summer holidays in 40deg heat. Alyce managed to impress the Australian selectors and just weeks ago received a phone call and official letter asking her to represent Australia.

There will be further training sessions held in the coming months across Australia which Alyce is expected to attend in order to prepare for the international competition. Alyce participates in weekly sprints sessions and state tournaments. Most months Alyce will also attend weekend training sessions with the national team.

Alyce will depart Australia on July the 12th bound for Italy with the competition being held from July 20th – 26th.

The Australian team have been preparing for nearly a year in the lead up to the championships. They will face their toughest opposition from Canada, Japan, Scandinavia and the USA. The Australian team aims to compete strongly and develop experience of the players to improve Ultimate Frisbee at a grassroots level within Australia.

In between honing her Ultimate Frisbee skills, Alyce is busy on her parents’ farm raising calves to save money for this international trip and the prior travel to attend training sessions.

Our school is currently organising various fundraising activities such as, a sports person dress up day, ultimate Frisbee demonstration game and bbq lunch further details to come. The money raised will go towards international travel costs, pre training costs, accommodation expenses and tournament fees. It is estimated that the cost per player to attend the world championships will be about $6,500. While recognised by the Australian Sports Commission, Ultimate Frisbee doesn’t receive financial support, so each player must meet the cost personally. If you would like to sponsor Alyce please contact Alyce or her family directly via email rocfalls@activ8.net.au (parents Robyn and Colin Falls).
Potential Ski Camp in NZ
Wycheproof and Charlton College are offering a minimum of 4 places for students from East Loddon to attend a week long ski trip to NZ in the September school holidays. Students who express an interest can receive further information. Please note the overall cost is estimated at or above $2,175.

4R’s award: Congratulations Sam Primrose
Sam spent a considerable amount of time on Tuesday mixing all the concrete for Ben Winspear to make the slab for our pizza oven IN THE SUN. It was an outstanding effort! Thanks Sam and well done!

Swimming Sports
What a great day and so nice to see families come along to support the students. Well done to all the students that participated and made the day such a success. Congratulations to the House Captains, all your effort and encouragement was certainly noticeable. BIG THANKS to Mr Clyne too who put in hours of preparation to make the day, fantastic.

Vocational Work Experience Update from Mr Rudkins

Script when ringing to ask for placement.
My name is << your name >> and I am from <<your school>>. I am looking for a workplace to help with my studies in <<your subject which is relevant to the workplace, ie VET subject or VCAL WRS >>. Can I please speak to someone about visiting you so that I can talk more about this? If you are put through to someone else you will need to repeat the above, but if not, keep on explaining with the following......
For my studies, it is a great advantage to me to have a workplace for one day a week, most likely on <<the day which the school has suggested workplace day will be>>. If I was able to come into the workplace and meet with you I can explain in more detail and it would also allow you to meet me.

When visiting the workplace:
Dress VERY appropriately (especially hair/piercings/slogans & pics on shirts etc -remember the Granny rule). Look alert and happy to be there, be on time, speak clearly, explain which VET subject you are studying which links into their workplace. Explain also how some activities in the workplace can help you to achieve competencies. Suggest that a trial period of 5-10 weeks could be good for both sides of the equation, then the situation can be reassessed after that before a decision to continue is made. Suggest that they can talk to me, or I will give them a call if they need more information. Let me know what you have done so that I don’t talk to someone you have already spoken to, or I can follow up your conversation to help the employer.

Vocational Education Co-ordinator

Middle Years Report
Sub-School Captains – Lunchtime Sessions
This week saw our sub-school captains begin their Tuesday lunchtime sessions between 1:00pm and 1:30pm. Ethan and Jo opened up the year 5 and 6 rooms for Homework Assistance and ‘Hang out time’ for any year 5-8 student that wanted to take part. Homework Assistance time is bound to see a steady rise in the number of students taking part (as they realise that this is a great way to stay on top of homework demands) and the number of students taking part in ‘Hang out time’ is
sure to stay high. Well done to Jo and Ethan for getting this initiative off the ground, and thanks to Sarah J for assisting with the running of the Homework Assistance. Jo and Ethan would like to encourage all students to come along next week if they would like to!

Revisiting ‘The Basics’
This week I have included a copy of our Middle Years Basics, which serve as a set of basic expectations of all students within the Middle Years. These basics are displayed in the form of a poster in all Middle Years homerooms and although they seem to be pretty straight forward to me, we currently have a number of students that are forgetting to follow these simple guidelines. Hopefully a gentle reminder to all students is all that is needed to have all students adhering to the following.

**‘The Basics’ - Middle Years Sub-School**

1 - Teachers’ instructions are to be followed.
2 - School Bags stay at lockers.
3 - Students are not to enter classrooms without a teacher.
4 - Students will only be allowed out of a classroom with a signed diary.
5 - Students must be ready to learn, prepared and punctual.
6 - No personal music at school.

These basic expectations are designed to maximise student learning. Refusal by any student to follow these basic expectations will result in an exit from class and consultation with Mr Leed.

**Respect Responsibility Resilience Relationships**

Year 6 Netbook Computers
Year 6 students are continuing to enjoy the use of their Netbook computers and it has been pleasing to see some fantastic work being completed with the aid of this one-to-one technology. In coming weeks, these students will gradually be able to bring these computers home with them in the evening and on the weekend, however, this is a privilege that needs to be earned through the correct use of this technology and the appropriate level of care shown at all times with this expensive device. Students in year 6 will earn a licence through their demonstration of positive behaviours, safety considerations, attitude and common sense, and this licence will then permit the student to take their computer home.

Swimming Sports
Congratulations to all who took part in the Swimming Sports last Friday. Whether you were participating, spectating or assisting on the day, I think it is fair to say that the day was a huge success! Parent numbers seemed to be up on recent years, which was great to see and the support given to our participants was very much appreciated. As the ‘starter’ for the day, I must say that the students were
brilliant in the way that they displayed a positive attitude towards participation. Next year I will try and get Mr Clyne to hook up a huge sub-woofer to the starting gun so that anyone outside of a 3m radius can hear the starting shot!

‘Good News Story of the week’ – Year 6 Win the Year Level Participation Award!
I was most impressed with my class this week and very proud of their level of participation at the House Swimming Sports. Their level of participation was so great that they actually won the Year level participation award on the day! Super effort Year 6, I can’t remember another time that a year 6 class has achieved this. LEGENDS!!!

‘In the Pipeline’ – Yr 7 Sleepover and Possible Year 8 Camp
Middle Years staff have been working on plans for a year 7 sleepover which will be held this term, and also on plans for a possible year 8 camp at the start of term 3. We will continue to organise and plan for these events and will inform relevant students and parents of the details as they are finalised.

Contact with the College
Parents are encouraged to keep in close contact with the College so that we are able to assist students with specific issues as they arise. Please feel free to contact class teachers with specific issues relating to particular learning activities. For general concerns or issues, please contact your child’s Home Group teacher or myself.

Good News Stories– I Would Love to Hear Some More!
I would love to hear from any students, families or school community members who have good news stories involving any of our Middle Years students. Whether it be a student passing a music exam or swimming level, or someone assisting with a community group, it would be great to have the chance to acknowledge the fantastic things that our students do. Please pass information on to me at leed.steven.a@edumail.vic.gov.au so that it can be published in this Newsletter.

Have a fantastic week!
Steven Leed – Middle Years Leader
P-4 Update

Building Strong Foundations

*Please note that these awards were for last week and that students will be presented with their awards at our next P-4 assembly this Friday.

Prep Letter in Focus  M,m
Swimming Program Thank You

The swimming sports were a great success despite the chill in the air. The water did warm up and it was great to see our students demonstrating persistence and resilience, and jumping in for each event. The sports are a great opportunity for our students to develop a sense of community and teamwork (scoring points for their House by participating and giving their best). The sports also afforded the opportunity for our students to demonstrate growing water confidence and skill development. We take this opportunity to thank the parents who gave up their time to help teach our students new skills; as a community we are indebted to them for sharing water safety and survival skills, and teaching water confidence, floating and stroke techniques. We also thank the staff for their organisation and who gave up so much over the last two weeks, including lunchbreaks and preparation time, so that the program could run smoothly. Please continue to monitor your child around water, remembering that in a different setting (muddy dams or channels, or in the ocean) the conditions are different to a clear pool with good footing and children will react differently.

THRASS Charts and Desktop Dictionaries

We recently received an email from a parent who has both these items (in good condition) and is willing to sell them at half the cost price. If interested, please contact either Miss Windridge or myself and we will pass the contact details on.

BULLYING

At East Loddon we have a zero tolerance towards bullying. When an incident happens for the first time, we encourage the victim to name the behaviour, say how it makes them feel and insist that it not happen again. If the behaviour is deliberately repeated after the warning, then we ask that it be reported to a teacher for immediate action. One off incidents are not designated as bullying but a repeat offence is and we need to know about it. We encourage students to report incidents to us as this empowers them, however, if they are not confident enough to do so we would appreciate a phone call so that we are informed. There is no place in our society, schools or homes for bullying behaviour (physical or verbal) and together we can send a clear message that it is not acceptable and will not be tolerated.

We will be addressing these at school but it is also important that the family discusses what constitutes bullying and why the family and school are one in taking a stand to eliminate this socially unacceptable behaviour. It is also important that children have strategies to implement should they be confronted with bullying directed towards either themselves or friends.

SOME FORMS OF BULLYING

- Exclusion- Being deliberately left out or ignored on purpose.
- Physical- Being hit, kicked, pinched or pushed around.
- Lies or rumours- Spreading lies or half-truths so that others will not like them.
- Threats- When someone is made to feel afraid.
- Verbal abuse- Being made fun off or belittled.

Peter Vernon
P-4 Co-ordinator
**P-12 House Swimming Sports Results**
The annual P-12 House sports was an entertaining day filled with colour and excitement - due entirely to the students enthusiasm and readiness to get involved in the life of the College’s programs. From the smallest Prep, struggling to ride a noodle across the wading pool, to the biggest Yr12, all decked out in their colourful finery. Official results are listed below, but the biggest achievement of the day was the fun and happiness enjoyed by all.

A big thank you to all the parents who attended and those people who contributed to making our P-12 carnival, a success. Particular mention must go to the Pool Committee, Life Guards and helpers, without their contribution in setting up and running the gate / canteen etc. the carnival would not proceed.

**John Clyne**
Sports Coordinator

**Deutsche Nachrichten**
In Integrated Studies, one of the activities the Year 3 class did was the Sonnenschutz experiment, the students predicted what would happen to sausages if we put them out in the sun for 2 hours. One had 30+ sunscreen on it, another had less than 20 SPF on it, and the others were wrapped in foil, cling-wrap, newspaper, paper towels and cloth. Here are some of their final observations.

Our sausage turned out very smelly. It was the smelliest. It looked like a green wrap. We wrapped ours in glad wrap. At the start I thought it would end up brown but it didn’t.

Seasons for Growth Grief Program
Learning to live with change and loss
Change and loss are issues that affect all of us at some stage in our lives. At East Loddon P12 College we recognise that when changes occur in families through death, separation, divorce or related circumstances, young people may benefit from learning how to manage these changes effectively. We are therefore offering a very successful education program called Seasons for Growth which will commence during March. This program is facilitated in small groups and is based on research which highlights the importance of social support and the need to practise new skills to cope effectively with change and loss. The program focuses on issues such as self-esteem, managing feelings, problem-solving, decision-making, effective communication and support networks.

If you think your son or daughter would benefit from Seasons for Growth we would encourage you to talk to him/her about participating in the program.

East Loddon College is pleased to be able to offer this important program and we are confident that it will be a valuable learning experience for those students in Middle Years who request to be involved.
If you require further information please contact:

School Nurse Denise Leed or Student Wellbeing Co-ordinator Rosie Coleman.

Canteen News
Remember to make sure you clearly label lunch orders with child’s name and year level. This makes it a lot easier for volunteers! Canteen is open for lunch orders only until 1pm. Just a reminder to all volunteers that food & safety requires anyone with long hair to have it tied back when on Canteen. Please note there have been some changes made to the roster.

Please Remember - If you cannot do your rostered turn, please arrange your own swap with someone else. If there are any problems or concerns, or you need to update your availability, please contact me.

APRIL
LOST
Lost at school, 1 Large Blue Tupperware lunch box and a blue insulated bag. If found please return to the Office.

East Loddon Community: Olympic Games Survey
We are trialling a new class at East Loddon called Big Picture and I would like to ask just a few simple questions.
I am currently studying the Olympic Games and the question of whether the spirit of the games has been lost and been taken over by commercialisation or the Spirit is still as strong as it was in the past.
"In The Spirit of the Olympics, the most important thing is to have taken part fairly and done ones best"

Please circle one
The Olympic Spirit is still as strong as it was years ago
The Olympic spirit has been lost by commercialisation

I would also like you to answer this question
All Athletes are competing fairly - Yes No - please circle one response.

Please feel free to right any more comments on the Olympics

****Return of surveys - please return your survey responses to the red box in the middle years corridor. I would appreciate return of responses by March 13.
Thank you Jessica Demeo
